BSC International Diploma in Occupational Safety and Health (IDipOSH)

Why choose BTI training?

Because we focus on your needs and structure our training to enhance practical learning. Our training present a balance of lectures, case studies, in-depth practical workshops and hands-on exercises under faculty guidance as well as open forums for questions and answers. You receive new information, formulate questions, discuss probable solutions and return to your job with new concepts and practical ideas to implement. We have many years' experience in designing and delivering effective health and safety programmes. We have been specialising in delivering NEBOSH, IOSH, CIEH, RoSPA and other professional health and safety training programmes for long time. Over this time we have built up a reputation for both excellence and innovation.

Why study IDipOSH?

Seizing the opportunities and meeting the challenges presented by health and safety requires the right skills to be in place. The IDipOSH has been carefully developed to meet the real needs of businesses and health and safety practitioners worldwide. Underpinned by training, the IDipOSH:

- Provides employers with skilled, qualified health and safety practitioners who can help reduce accidents/downtime and increase productivity and morale
- Equips health and safety practitioners with expertise needed to provide effective advice and build a business case for health and safety
- Represents a qualification recognised worldwide as a demonstration of professionalism and commitment to health and safety
- Meets the requirements for entry to IOSH membership at Graduate level (GradIOSH) and full IIRSM membership

What are the entry requirements?

IDipOSH candidates should have:

- Either a Certificate in Occupational Safety and Health
- Or an alternative qualification in a related sector
- Or appropriate experience in a health and safety role
- And literacy and numeracy skills adequate to cope with their course of study and assessments.

In addition to the above, a good standard of English is essential. It is advisable to have at least level 6 of the IELTS test (or equivalent in a comparable test).

What will I study?

The IDipOSH training course is divided into three units:

Unit 1 - Practical Health and Safety Management

Element A: Fundamentals of Health and Safety Management

Element B: Applied Health and Safety Management

Unit 2 - Safeguarding People's Health in the Workplace

Element A: Occupational Health

Element B: Risks to Health at Work

Unit 3 - Health and Safety: Culture and Business

Element A: Developing a Positive Health and Safety Culture

Element B: Developing the Business Case for Health and Safety

For further information regarding the content of the course, please visit <http://www.bscawards.org>.

How will I be assessed?

To qualify for the IDipOSH, you need to attend the course then be assessed as follows:

Unit 1: A three-hour examination comprising extended and short-answer questions and a simulated risk assessment task based on a case study scenario

Unit 2: A two-hour examination and a 3000 word assignment based on an occupational health hazard in the candidate's workplace

Unit 3: A 6000 word assignment involving assessment of the health and safety culture in the candidate's workplace, a strategy to improve the health and safety culture and a business case to support the strategy.

Unit 1 and 2 examinations can be undertaken all year round either paper-based or on-line at our testing centre. Unit 2 and 3 assignments are submitted electronically to BSC Awards. Examinations and assignments are marked by external examiners appointed and trained by BSC Awards.

A certificate is awarded on successful completion of each Unit. Candidates successfully completing all three Units receive a final grade and a further certificate.
